Disease Ontology

RRID:SCR_003491

Type: Tool

Proper Citation

Disease Ontology (RRID:SCR_003491)

Resource Information

URL: http://do-wiki.nubic.northwestern.edu/index.php/Main_Page

Proper Citation: Disease Ontology (RRID:SCR_003491)

Description: Open source ontology for the integration of biomedical data associated with human disease. This community-driven ontology links disparate datasets through disease concepts. A computable structure of inheritable, environmental and infectious origins of human disease will be provided to facilitate the connection of genetic data, clinical data, and symptoms through the lens of human disease. The Ontology enables the cross-walk between disease concepts, genes contributing to disease, and associated symptoms, findings and signs.

Abbreviations: DO

Resource Type: controlled vocabulary, ontology, wiki, narrative resource, data or information resource

Defining Citation: [PMID:22080554](#)

Keywords: disease, biomedical, genetic, clinical, symptom, clinical research, medicine, genetic disease, environmental disease, infectious disease, phenotype, environment, bio.tools

Funding: NCRR R01RR025342

Availability: Licensed, Open source, The community can contribute to this resource

Resource Name: Disease Ontology

Resource ID: SCR_003491

Alternate IDs: biotools:disease_ontology

Alternate URLs: <http://disease-ontology.org/>, https://bio.tools/disease_ontology

License: Creative Commons Attribution License v3 Unported

Record Creation Time: 20220129T080219+0000

Record Last Update: 20260903T234632+0000

Ratings and Alerts

No rating or validation information has been found for Disease Ontology.

No alerts have been found for Disease Ontology.
