Synapse Web

RRID:SCR_003577

Type: Tool

Proper Citation

Synapse Web (RRID:SCR_003577)

Resource Information

URL: <http://synapses.clm.utexas.edu>

Proper Citation: Synapse Web (RRID:SCR_003577)

Description: A portal into the 3D ultrastructure of the brain providing: Anatomy of astrocytes, axons, dendrites, hippocampus, organelles, synapses; procedures of 3D reconstruction and tissue preparation; as well as an atlas of ultrastructural neurocytology (by Josef Spacek), online aligned images, and reconstructed dendrites. Synapse Web hosts an ultrastructural atlas containing more than 500 electron micrographs (added to regularly) that identify unique ultrastructural and cellular components throughout the brain. Additionally, Synapse Web has raw images, reconstructions, and quantitative data along with tutorial instructions and numerous tools for investigating the functional structure of objects that have been serial thin sectioned for electron microscopy.

Synonyms: SynapseWeb

Resource Type: atlas, data or information resource, image collection, narrative resource, training material

Keywords: electron microscopy, 3d reconstruction, neuroanatomy, astrocyte, axon, brain, cellular, dendrite, hippocampus, micrograph, microscopy, neurocytology, organelle, structure, synapse, tissue, ultrastructural, light microscopy, neuron, rat, experimental protocol, synapse structure

Funding: The Human Brain Project ;
NIDA R01 MH/DA 57351;
NIMH R01 MH/DA 57351;
NIBIB EB002170

Availability: Copyrighted, Acknowledgement required

Resource Name: Synapse Web

Resource ID: SCR_003577

Alternate IDs: nif-0000-00026

Record Creation Time: 20220129T080219+0000

Record Last Update: 20260821T193713+0000

Ratings and Alerts

No rating or validation information has been found for Synapse Web.

No alerts have been found for Synapse Web.
