Proper Citation: C. R. Bard (RRID:SCR_003975)

Description: A multinational developer, manufacturer, and marketer of medical technologies specializing in the manufacture of vascular, urology, oncology and surgical specialty products. BARD pioneered the development of single-patient-use medical products for hospital procedures; today BARD is dedicated to pursuing technological innovations that offer superior clinical benefits while helping to reduce overall costs. Bard is perhaps best known for having introduced the Foley catheter. (Adapted from Wikipedia)
