Description: Commercial provider of advanced software and solutions that helps R&D teams make discoveries. They provide organizations with the technology they need to securely capture, manage, share and exploit structured and unstructured data. Their technology and domain expertise enables users to link data to data, data to people and people to people to drive innovation, achieve faster time to market and improve margins. Their diverse customer list includes R&D driven international companies in pharmaceuticals, biotechnology, agricultural sciences, chemicals, consumer goods, energy, engineering, food and beverage, and healthcare.

Abbreviations: IDBS

Synonyms: ID Business Solutions, ID Business Solutions Ltd., ID Business Solutions Limited

Resource Type: commercial organization

Keywords: pharmaceutical, biotechnology, agricultural science, chemical, energy, engineering, healthcare

Availability: Commercial license

Resource Name: IDBS

Resource ID: SCR_004077

Alternate IDs: nlx_158525
