Proper Citation: DC-Research.eu - Dendritic Cell Research Knowledge Portal (RRID:SCR_004200)

Description: An open knowledge resource for the dendritic cell research community, this index of research assets and expertise is designed to support translational research by providing annotations and interrelations on materials, datasets, tools, techniques, persons and organizations. The content of DC-RESEARCH.EU can be accessed by researchers through its website and can be accessed programmatically: the information in DC-RESEARCH.EU is represented through machine processable languages, proper of the Semantic Web (RDF and RDFa). To submit to the dc-thera directory please contact: dc-research_at_leafbioscience.com

Abbreviations: DC-RESEARCH.EU

Resource Type: data or information resource, data access protocol, software resource, database, people resource

Keywords: biomaterial, tool, organization, clinical, imaging, preclinical, proteomics, signalling, transcriptomics, clinical protocol, laboratory protocol, protocol, post-clinical protocol, standard operating procedure, treatment protocol, dentrite, annotation, dendritic cell, rdf, data set, software resource, document, publication, clinical study dataset, imaging dataset, preclinical study dataset, proteomics dataset, signalling dataset, transcriptomic dataset, algorithm, factual, device, method, experimental protocol, directory

Funding: DC-THERA

Availability: Open, The community can contribute to this resource
