NCBO Annotator

RRID:SCR_005329

Type: Tool

Proper Citation

NCBO Annotator (RRID:SCR_005329)

Resource Information

URL: http://bioportal.bioontology.org/annotator

Proper Citation: NCBO Annotator (RRID:SCR_005329)

Description: A Web service that annotates textual metadata (e.g. journal abstract) with relevant ontology concepts. NCBO uses this Web service to annotate resources in the NCBO Resource Index. They also provide this Web service as a stand-alone service for users. This Web service can be accessed through BioPortal or used directly in your software. Currently, the annotation workflow is based on syntactic concept recognition (using concept names and synonyms) and on a set of semantic expansion algorithms that leverage the semantics in ontologies (e.g., is_a relations). Their service methodology leverages ontologies to create annotations of raw text and returns them using semantic web standards.

Abbreviations: NCBO Annotator

Synonyms: Open Biomedical Annotator, NCBO BioPortal Annotator

Resource Type: data access protocol, service resource, production service resource, web

service, software resource

Defining Citation: PMID:19483092

Keywords: ontology, annotation, bio.tools

Funding: NHGRI U54 HG004028

Resource Name: NCBO Annotator

Resource ID: SCR 005329

Alternate IDs: biotools:bioportal, nlx_144389, OMICS_01172

Alternate URLs: https://bio.tools/bioportal

Record Creation Time: 20220129T080229+0000

Record Last Update: 20250517T055706+0000

Ratings and Alerts

No rating or validation information has been found for NCBO Annotator.

No alerts have been found for NCBO Annotator.
