Proper Citation: International Agency for Research on Cancer (RRID:SCR_005422)

Description: The International Agency for Research on Cancer (IARC) is part of the World Health Organization. IARC's mission is to coordinate and conduct research on the causes of human cancer, the mechanisms of carcinogenesis, and to develop scientific strategies for cancer prevention and control. The Agency is involved in both epidemiological and laboratory research and disseminates scientific information through publications, meetings, courses, and fellowships.

Abbreviations: IARC

Synonyms: IARC - International Agency for Research on Cancer

Resource Type: nonprofit organization

Keywords: cancer, human, research, prevention, carcinogenesis

Funding:

Resource Name: International Agency for Research on Cancer

Resource ID: SCR_005422

Alternate IDs: Crossref funder ID: 100008700, grid.17703.32, ISNI: 405980095,
