## RNA CoSSMos

RRID:SCR\_006120

Type: Tool

### Proper Citation

RNA CoSSMos (RRID:SCR\_006120)

### Resource Information

**URL:** <http://cossmos.slu.edu/>

**Proper Citation:** RNA CoSSMos (RRID:SCR\_006120)

**Description:** Database to search through the nucleic acid structures from the Protein Data Bank and examine structural motifs, including (a)symmetric internal loops, bulge loops, and hairpin loops. They have compiled over 2,000 three-dimensional structures, which can now be searched using different parameters, including PDB information, experimental technique, sequence, and motif type. RNA secondary structure is important for designing therapeutics, understanding protein-RNA binding and predicting tertiary structure of RNA. Several databases and downloadable programs exist that specialize in the three-dimensional (3D) structure of RNA, but none focus specifically on secondary structural motifs such as internal, bulge and hairpin loops. To create the RNA CoSSMos database, 2156 Protein Data Bank (PDB) files were searched for internal, bulge and hairpin loops, and each loop's structural information, including sugar pucker, glycosidic linkage, hydrogen bonding patterns and stacking interactions, was included in the database. False positives were defined, identified and reclassified or omitted from the database to ensure the most accurate results possible. Users can search via general PDB information, experimental parameters, sequence and specific motif and by specific structural parameters in the subquery page after the initial search. Returned results for each search can be viewed individually or a complete set can be downloaded into a spreadsheet to allow for easy comparison. The RNA CoSSMos database is updated weekly.

**Abbreviations:** RNA CoSSMos

**Synonyms:** Znosko Lab RNA Characterization of Secondary Structure Motifs (RNA CoSSMos) database, Znosko Lab CoSSMos Database, RNA Characterization of Secondary Structure Motifs (RNA CoSSMos), RNA CoSSMos Database, RNA CoSSMos - Characterization of Secondary Structure Motifs, RNA Characterization of Secondary

## Structure Motifs

**Resource Type:** database, data or information resource

**Defining Citation:** [PMID:22127861](#)

**Keywords:** secondary structure motif, rna, three-dimensional structure, internal loop, bulge loop, hairpin loop, motif, nucleic acid, structure, secondary structure, bio.tools

**Funding:** NIGMS 1R15GM085699-01A1

**Availability:** Freely accessible, Acknowledgement requested

**Resource Name:** RNA CoSSMos

**Resource ID:** SCR\_006120

**Alternate IDs:** nlx\_151597, biotools:rna\_cossmos

**Alternate URLs:** [https://bio.tools/rna\\_cossmos](https://bio.tools/rna_cossmos)

**Record Creation Time:** 20220129T080234+0000

**Record Last Update:** 20250412T055026+0000

---

## Ratings and Alerts

No rating or validation information has been found for RNA CoSSMos.

No alerts have been found for RNA CoSSMos.
