Antibody Registry (RRID:SCR_006397)

Resource Information

URL: http://antibodyregistry.org/

Description: Public registry of antibodies with unique identifiers for commercial and non-commercial antibody reagents to give researchers a way to universally identify antibodies used in publications. The registry contains antibody product information organized according to genes, species, reagent types (antibodies, recombinant proteins, ELISA, siRNA, cDNA clones). Data is provided in many formats so that authors of biological papers, text mining tools and funding agencies can quickly and accurately identify the antibody reagents they and their colleagues used. The Antibody Registry allows any user to submit a new antibody or set of antibodies to the registry via a web form, or via a spreadsheet upload.

Resource Name: Antibody Registry

Proper Citation: Antibody Registry (RRID:SCR_006397)

Resource Type: Resource, service resource, data or information resource, data repository, storage service resource, database

Keywords: antibody, reagent

Resource ID: SCR_006397

Parent Organization: Neuroscience Information Framework

Funding Agency: NIDA, NIH Blueprint for Neuroscience Research, U.S. Department of Health and Human Services

Related resources: Novus Biologicals, DOMEO, Journal of Comparative Neurology
Antibody database, Integrated Manually Extracted Annotation
**Availability:** Creative Commons Zero License, The community can contribute to this resource

**Website Status:** Last checked up

**Alternate IDs:** nif-0000-07730, OMICS_01768, biodbcore-000182

**Mentions Count:** 69
