Proper Citation: CASA (RRID:SCR_006607)

Description: A science-based organization focused on developing effective solutions to address the disease of addiction and reduce the risks associated with substance use. CASAColumbia works to: * Close the gap between what is known about addiction and what is actually done to prevent and treat it * Incorporate addiction prevention and treatment into routine health care and medical practice * Explore the possibility of finding a cure Founded by Former U.S. Secretary of Health, Education, and Welfare Joseph A. Califano, Jr., CASA remains the only national organization that assembles under one roof all of the professional skills needed to research and develop proven, effective ways to prevent and treat substance abuse and addiction to all substances - alcohol, nicotine as well as illegal, prescription and performance enhancing drugs - in all sectors of society. CASAColumbia is committed to understanding the science of addiction and its implications for health care, public policy and public education.

Abbreviations: CASAColumbia

Synonyms: CASA Columbia, National Center on Addiction and Substance Abuse at Columbia University, National Center on Addiction and Substance Abuse

Resource Type: data or information resource, topical portal, portal

Keywords: drug of abuse, alcohol, tobacco, drug, nicotine, illegal drug, prescription drug, performance enhancing drug, prevention, treatment, disease management

Related Condition: Addiction, Substance abuse, Substance use

Funding:

Resource Name: CASA

Resource ID: SCR_006607

Alternate IDs: nlx_149226

Record Creation Time: 20220129T080237+0000

Record Last Update: 20250516T053834+0000

Ratings and Alerts

No rating or validation information has been found for CASA.
