# Cooperative Study Group for Autoimmune Disease Prevention

RRID:SCR 006803

Type: Tool

## **Proper Citation**

Cooperative Study Group for Autoimmune Disease Prevention (RRID:SCR\_006803)

#### Resource Information

**URL:** http://www.niaid.nih.gov/about/organization/dait/pages/csgadp.aspx

**Proper Citation:** Cooperative Study Group for Autoimmune Disease Prevention (RRID:SCR\_006803)

**Description:** Collaborative network of investigators with a focus on prevention of autoimmune disease, defined as halting the development of autoimmune disease prior to clinical onset by means other than global immunosuppression, and an emphasis on Type 1 diabetes. Its mission is to engage in scientific discovery that significantly advances knowledge for the prevention and regulation of autoimmune disease. The specific goals enunciated in pursuit of this mission are: \* To create improved models of disease pathogenesis and therapy to better understand immune mechanisms that will provide opportunities for prevention strategies \* To use these models as validation platforms with which to test new tools applicable to human studies \* To encourage core expertise and collaborative projects designed for rapid translation from animal to human studies, emphasizing the development of surrogate markers for disease progression and/or regulation which can be utilized in the context of clinical trials

**Abbreviations: CSGADP** 

Resource Type: resource, knowledge environment

**Keywords:** prevention, clinical, immune, model, disease pathogenesis, therapy

Related Condition: Type 1 diabetes, Diabetes, Autoimmune disease

Funding: NIAID ;
