Oxford Biomedical Research

RRID:SCR_006864

Type: Tool

Proper Citation

Oxford Biomedical Research (RRID:SCR_006864)

Resource Information

URL: <https://www.oxfordbiomed.com/>

Proper Citation: Oxford Biomedical Research (RRID:SCR_006864)

Description: An Antibody supplier

Synonyms: Oxford Biomedical Research inc.

Resource Type: commercial organization

Resource Name: Oxford Biomedical Research

Resource ID: SCR_006864

Alternate IDs: nlx_152425, grid.286648.6

Alternate URLs: <https://ror.org/00k27zs44>

Record Creation Time: 20220129T080238+0000

Record Last Update: 20260808T185902+0000

Ratings and Alerts

No rating or validation information has been found for Oxford Biomedical Research.

No alerts have been found for Oxford Biomedical Research.

Usage and Citation Metrics

We found 1004 mentions in open access literature.

Listed below are recent publications. The full list is available at [dkNET](#) .

Kathuria S, et al. (2025) Systemic inflammatory responses to repeated and increasing endotoxin challenges in fetal sheep. *Physiological reports*, 13(8), e70316.

Evbuomwan IO, et al. (2025) Aqueous extract of *Enantia chlorantha* Oliv. demonstrates antimalarial activity and improves redox imbalance and biochemical alterations in mice. *BMC complementary medicine and therapies*, 25(1), 73.

Uwejigbo RE, et al. (2025) *Chromolaena Odorata* and male fertility: Evidence from the testes and epididymis of Wistar Rats. *Reproduction & fertility*, 6(1).

Sieber-Ruckstuhl NS, et al. (2025) Longitudinal assessment of thyroid function in dogs with hypoadrenocorticism: Clinical outcomes and prevalence of autoantibodies. *Journal of veterinary internal medicine*, 39(1), e17232.

Steglich M, et al. (2025) Human glutathione transferases catalyze the reaction between glutathione and nitrooleic acid. *The Journal of biological chemistry*, 301(4), 108362.

Areloegbe SE, et al. (2025) Renometabolic disorder in experimental rat model of polycystic ovarian syndrome is reversed by acetate-mediated inhibition of pyruvate dehydrogenase kinase 4. *BMC nephrology*, 26(1), 234.

Trambas IA, et al. (2025) Proximal tubular deletion of superoxide dismutase-2 reveals disparate effects on kidney function in diabetes. *Redox biology*, 82, 103601.

Horck S, et al. (2025) Implementation challenges of electronic blood transfusion safety systems: Lessons from an international, multi-site comparative case study. *Transfusion medicine (Oxford, England)*, 35(1), 48.

Fahl K, et al. (2025) Upper airway microcirculation remodeling in obstructive sleep apnea is not driven by endothelial activation. *Scientific reports*, 15(1), 13355.

Huang X, et al. (2025) Mendelian Randomization Study on hs-CRP and Dyslipidemia in Koreans: Identification of Novel SNP rs76400217. *International journal of molecular sciences*, 26(2).

Adebayo OG, et al. (2025) Ginkgolide B as a biopsychosocial treatment salvages repeated restraint stress-induced amygdalar anomalies in mice. *IBRO neuroscience reports*, 18, 66.

Pelizzaro F, et al. (2025) Differential target of oxidative damage in *Helicobacter pylori*-related and autoimmune atrophic gastritis: a single-center study. *Frontiers in medicine*, 12, 1583833.

Pavlidis G, et al. (2025) Effects of 4-month treatment with glycocalyx dietary supplement on endothelial glycocalyx and vascular function after COVID-19 infection. *European journal of clinical investigation*, 55(7), e70058.

Saka WA, et al. (2024) *Andrographis paniculata* improves glucose regulation by enhancing insulin sensitivity and upregulating GLUT 4 expression in Wistar rats. *Frontiers in nutrition*, 11, 1416641.

Potokiri A, et al. (2024) Yeast supplementation potentiates fluoxetine's anti-depressant effect in mice via modulation of oxido-inflammatory, CREB, and MAPK signaling pathways. *Current research in physiology*, 7, 100132.

Williams-Fegredo T, et al. (2024) Degradation of specific glycosaminoglycans improves transfection efficiency and vector production in transient lentiviral vector manufacturing processes. *Frontiers in bioengineering and biotechnology*, 12, 1409203.

Ogunwole E, et al. (2024) Deleterious Effects of Caffeine Consumption on Reproductive Functions of Female Wistar Rats. *JBRA assisted reproduction*, 28(4), 658.

Gongora-Salazar P, et al. (2024) Unravelling Elements of Value of Healthcare and Assessing their Importance Using Evidence from Two Discrete-Choice Experiments in England. *PharmacoEconomics*, 42(10), 1145.

Wiss DA, et al. (2024) A novel weight suppression score associates with distinct eating disorder and ultra-processed food symptoms compared to the traditional weight suppression measure among adults seeking outpatient nutrition counseling. *Journal of eating disorders*, 12(1), 75.

Miranda-Blancas R, et al. (2024) Biochemical characterization and gene structure analysis of the 24-kDa glutathione transferase sigma from *Taenia solium*. *FEBS open bio*, 14(5), 726.
