Proper Citation: New York Brain Bank at Columbia University (RRID:SCR_007142)

Description: A brain bank which collects postmortem human brains to meet the needs of neuroscientists investigating specific psychiatric and neurological disorders. NYBB disburses tissue samples to investigating clinicians or scientists whose research has been approved by their Institutional Review Board. The tasks of the NYBB include: collection and processing of human postmortem brain samples for research; neuropathological evaluation and diagnosis; storage and computerized inventory of brain samples; and distribution of brain samples to investigating clinicians and scientists. Brains from individuals without neurological or psychiatric disorders are used as normal controls.

Abbreviations: NYBB

Synonyms: New York Brain Bank

Resource Type: tissue bank, material resource, biomaterial supply resource, brain bank

Keywords: brain tissue, tissue, brain, mental disease, neurological disorder, central nervous system disorder, normal control, parkinson's disease, alzheimer's disease, huntington's disease, amyotrophic lateral sclerosis

Related Condition: Mental disease, Neurological disorder, Central nervous system disorder, Parkinson's disease, Alzheimer's disease, Huntington's disease, Amyotrophic Lateral Sclerosis

Funding:

Availability: Available to the research community, Charge of 100 US dollars per request for

handling the specimens disbursed

Resource Name: New York Brain Bank at Columbia University

Resource ID: SCR_007142

Alternate IDs: nlx_43593

Record Creation Time: 20220129T080240+0000

Record Last Update: 20250517T055808+0000

Ratings and Alerts

No rating or validation information has been found for New York Brain Bank at Columbia University.
