Dragon Database for Exploration of Ovarian Cancer Genes

RRID:SCR_007621

Type: Tool

Proper Citation

Dragon Database for Exploration of Ovarian Cancer Genes (RRID:SCR_007621)

Resource Information

URL: <http://apps.sanbi.ac.za/ddoc/>

Proper Citation: Dragon Database for Exploration of Ovarian Cancer Genes (RRID:SCR_007621)

Description: DDOC provides a comprehensive compilation of the published research related to the genes associated with ovarian cancer. DDOC provides details of the cell line, tissue or cell type, expression status, disease stage, tumor grade, OC type and laboratory method provided in the literature. The links to the relevant sources of data used to extract information related to genes are also included. Many aspects of the information provided in the DDOC were curated by biologists, which increases its accuracy. DDOC is freely accessible for academic and non-profit users.

Synonyms: DDOC

Resource Type: data or information resource, database

Keywords: ovarian cancer, ovarian cancer cell line, ovarian cancer gene, ovarian cancer stages, ovarian tissue

Resource Name: Dragon Database for Exploration of Ovarian Cancer Genes

Resource ID: SCR_007621

Alternate IDs: nif-0000-02742

Record Creation Time: 20220129T080242+0000

Record Last Update: 20260821T193825+0000

Ratings and Alerts

No rating or validation information has been found for Dragon Database for Exploration of Ovarian Cancer Genes.

No alerts have been found for Dragon Database for Exploration of Ovarian Cancer Genes.
