Schmidtea mediterranea Genome Database

RRID:SCR_007934 Type: Tool

Proper Citation

Schmidtea mediterranea Genome Database (RRID:SCR_007934)

Resource Information

URL: http://smedgd.neuro.utah.edu

Proper Citation: Schmidtea mediterranea Genome Database (RRID:SCR_007934)

Description: A database that integrates all available data associated with the planarian genome, including predicted and annotated genes, ESTs, protein homologies, gene expression patterns and RNAi phenotypes. It is GMOD compliant. The planarian Schmidtea mediterranea is rapidly emerging as a key model organism for the study of regeneration, tissue homeostasis and stem cell biology. Thus, SmedGD features a genome browser, BLAST capability, and other search options in order to facilitate the advancement of scientific knowledge of this organism.

Abbreviations: SmedGD

Resource Type: data or information resource, database

Keywords: planeria

Funding:

Resource Name: Schmidtea mediterranea Genome Database

Resource ID: SCR_007934

Record Creation Time: 20220129T080244+0000

Record Last Update: 20250507T060535+0000

Ratings and Alerts

No rating or validation information has been found for Schmidtea mediterranea Genome Database.

No alerts have been found for Schmidtea mediterranea Genome Database.
