Proper Citation: Zebrafish Models for Human Development and Disease (RRID:SCR_008595)

Description: ZF-MODELS - Zebrafish Models for Human Development and Disease is an Integrated Project funded by the European Commission as part of its Sixth Framework Programme (EC Contract LSHG-CT-2003-503496). The project started on January 1, 2004 and is scheduled to run over a period of five years. The aim of this project is to exploit the advantages of the zebrafish to produce knowledge, technology and materials in the form of disease models, drug targets and insight into pathways of gene regulation applicable to human development and disease.

Synonyms: ZF-Models

Resource Type: data or information resource, database

Resource Name: Zebrafish Models for Human Development and Disease

Resource ID: SCR_008595

Alternate IDs: nif-0000-31929

Record Creation Time: 20220129T080248+0000

Record Last Update: 20260815T182909+0000

Ratings and Alerts

No rating or validation information has been found for Zebrafish Models for Human Development and Disease.

No alerts have been found for Zebrafish Models for Human Development and Disease.
