Proper Citation: University of Kentucky's Alzheimer's Disease Center (RRID:SCR_008766)

Description: An organization which includes a tissue bank, a database, study design consultation, clinical resources, and a community registry database. The UK-ADC shares data with the NIA national database (NACC), as well as with independent, qualified investigators both within and outside the UK-ADC. This resource's associated tissue bank is comprised of anonymized brain tissue, blood, and cerebrospinal fluid samples from patients in the clinic, as well as frozen post-mortem brain tissue samples. This organization also shares research resources with the National Alzheimer's Coordinating Center (NACC), NACC collaborative initiatives, the Alzheimer's Disease Neuroimaging Initiative (ADNI), other Alzheimer Disease Centers (ADCs), and any qualified investigators from either the University of Kentucky or the general scientific community.

Abbreviations: UK-ADC, UK ADC

Synonyms: University of Kentucky Alzheimer's Disease Center Biospecimen Data or Clinical Request, UK-Alzheimer's Disease Center Biospecimen Data or Clinical Request

Resource Type: biomaterial supply resource, material resource, tissue bank

Keywords: post-mortem, brain, brain tissue, cerebral spinal fluid, serum, plasma, buffy coat, blood, alzheimer's disease, dementing disorder, mild cognitive impairment, dementia, frozen, formalin fixed, paraffin embedded slide, clinical, neuropathology, neuropathologic disease, neuropathologic diagnosis, clinical, registry

Related Condition: Alzheimer's disease, Dementing disorder, Dementia, Neuropathologic diagnosis

Funding: NIA P30 AG028383

Availability: Public

Resource Name: University of Kentucky's Alzheimer's Disease Center

Resource ID: SCR_008766

Alternate IDs: nlx_144056
