GENEPOP

RRID:SCR_009194

Type: Tool

Proper Citation

GENEPOP (RRID:SCR_009194)

Resource Information

URL: <http://wbiomed.curtin.edu.au/genepop/>

Proper Citation: GENEPOP (RRID:SCR_009194)

Description: Population genetic data analysis software package. Used to perform exact Hardy Weinberg Equilibrium test. Used for population differentiation and for genotypic disequilibrium among pairs of loci. Computes estimates of F-statistics, null allele frequencies, allele size-based statistics for microsatellites, etc. and performs analyses of isolation by distance from pairwise comparisons of individuals or population samples., THIS RESOURCE IS NO LONGER IN SERVICE. Documented on September 16,2025.

Abbreviations: Genepop

Synonyms: genepop'007

Resource Type: data analysis software, data processing software, software application, software resource

Defining Citation: [PMID:21585727](#)

Keywords: Population, differentiation, genetic, data, analysis, Hardy Weinberg Equilibrium test, statistics, genotyping, disequilibrium, pair, loci, allele, frequency

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: GENEPOP

Resource ID: SCR_009194

Alternate IDs: nlx_154337

Alternate URLs: <https://kimura.univ-montp2.fr/~rousset/Genepop.htm>, <https://cran.r-project.org/web/packages/genepop/index.html>

License: CeCILL licence

Record Creation Time: 20220129T080251+0000

Record Last Update: 20260829T182317+0000

Ratings and Alerts

No rating or validation information has been found for GENEPOP.

No alerts have been found for GENEPOP.
