# <u>SKAT</u>

RRID:SCR\_009396 Type: Tool

**Proper Citation** 

SKAT (RRID:SCR\_009396)

#### **Resource Information**

URL: https://www.hsph.harvard.edu/skat/

Proper Citation: SKAT (RRID:SCR\_009396)

**Description:** Software application that is a SNP-set (e.g., a gene or a region) level test for association between a set of rare (or common) variants and dichotomous or quantitative phenotypes. SKAT aggregates individual score test statistics of SNPs in a SNP set and efficiently computes SNP-set level p-values, e.g. a gene or a region level p-value, while adjusting for covariates, such as principal components to account for population stratification. SKAT also allows for power/sample size calculations for designing for sequence association studies. (entry from Genetic Analysis Software)

Synonyms: SNP-set (Sequence) Kernel Association Test

Resource Type: software resource, software application

Keywords: gene, genetic, genomic, bio.tools

**Funding:** 

Resource Name: SKAT

Resource ID: SCR\_009396

Alternate IDs: nlx\_154634, biotools:skat

Alternate URLs: https://bio.tools/skat

Record Creation Time: 20220129T080252+0000

#### **Ratings and Alerts**

No rating or validation information has been found for SKAT.

No alerts have been found for SKAT.

### Data and Source Information

Source: SciCrunch Registry

#### **Usage and Citation Metrics**

We found 255 mentions in open access literature.

Listed below are recent publications. The full list is available at <u>dkNET</u>.
