Proper Citation: Bioinformatics Organization (RRID:SCR_012008)

Description: Organization that serves the scientific and educational needs of bioinformatic practitioners and the general public. They develop and maintain computational resources to facilitate world-wide communications and collaborations between people of all educational and professional levels. They provide and promote open access to the materials and methods required for, and derived from, research, development and education.

Abbreviations: Bioinformatics.Org

Resource Type: analysis service resource, community building portal, data analysis service, data or information resource, data set, job resource, portal, production service resource, service resource, short course, software resource, training resource

Keywords: bioinformatics

Availability: The community can contribute to this resource

Resource Name: Bioinformatics Organization

Resource ID: SCR_012008

Alternate IDs: OMICS_01825

Record Creation Time: 20220129T080308+0000

Record Last Update: 20260821T193937+0000
