## Stata

RRID:SCR\_012763

Type: Tool

---

### Proper Citation

Stata (RRID:SCR\_012763)

---

### Resource Information

**URL:** <http://www.stata.com>

**Proper Citation:** Stata (RRID:SCR\_012763)

**Description:** Software package for statistical analysis and presentation of graphics. Statistical software for data science.

**Resource Type:** software application, software resource

**Keywords:** statistical analysis, presentation of graphics, data science,

**Availability:** Restricted

**Resource Name:** Stata

**Resource ID:** SCR\_012763

**Alternate IDs:** nlx\_156918

**Record Creation Time:** 20220129T080312+0000

**Record Last Update:** 20260821T042859+0000

---

### Ratings and Alerts

No rating or validation information has been found for Stata.

No alerts have been found for Stata.

---

### Data and Source Information

## Usage and Citation Metrics

We found 49366 mentions in open access literature.

**Listed below are recent publications.** The full list is available at [dkNET](#) .

Husby M, et al. (2026) Cancer Patients with Sepsis: Prognostic Insights from a Population-Based Cohort Study in Norway. *Cancer epidemiology, biomarkers & prevention : a publication of the American Association for Cancer Research, cosponsored by the American Society of Preventive Oncology*, 35(2), 264.

Gustafsson K, et al. (2026) Occupational biomechanical risk factors for hip and knee arthroplasty incidence: a register-based cohort study in male construction workers. *BMJ open*, 16(4), e107604.

Nakitende J, et al. (2026) Predictors of tobacco smoking among youth in an urban slum in Kampala, Uganda: A cross-sectional study. *PloS one*, 21(2), e0321336.

Marchetti S, et al. (2026) Interleukin-30 promotes melanoma spreading and triggers LAG-3 expression and T cell exhaustion. *Biomedicine & pharmacotherapy = Biomedecine & pharmacotherapie*, 197, 119183.

de Oliveira Furtado EM, et al. (2026) Lack of GPNMB Is Associated With Altered Lipid and Glucose Metabolism and Disrupted Diurnal Hepatic Glycogen Regulation. *FASEB journal : official publication of the Federation of American Societies for Experimental Biology*, 40(6), e71616.

Mathoma A, et al. (2026) Trends in all-cause mortality after cancer diagnosis among people with and without HIV in Botswana, 1990-2021. *Cancer causes & control : CCC*, 37(5).

Yu K, et al. (2026) Phase II Trial of Ixazomib Combined with Gemcitabine and Doxorubicin in Patients with SMARCB1-Deficient Renal Medullary Carcinoma. *Clinical cancer research : an official journal of the American Association for Cancer Research*, 32(10), 1946.

Ramassamy JL, et al. (2026) Adult T-cell leukemia/lymphoma in French Guiana (1990-2019): Epidemiology, clinical features, and HTLV-1 genetic diversity in the two main ethnic populations. *International journal of cancer*, 158(6), 1528.

Wang C, et al. (2026) A Socio-ecological Analysis of Factors Influencing the Perceived Value of Multicancer Early Detection Testing in the United States. *Cancer epidemiology, biomarkers & prevention : a publication of the American Association for Cancer Research, cosponsored by the American Society of Preventive Oncology*, 35(4), 618.

Kanemura H, et al. (2026) Phase Ia/Ib trial of the safety and efficacy of mobocertinib in combination with T-DM1 for patients with HER2-mutant solid tumors (WJOG16022M). *European journal of cancer (Oxford, England : 1990)*, 238, 116684.

Bahramnezhad F, et al. (2026) Development and validation of the Pressure Injury after Hospital Admission (PIAHA) screening tool for early assessment of hospital-acquired pressure injuries: a multiphase multicentre study protocol in acute care settings. *BMJ open*, 16(3), e114550.

Tortolero GA, et al. (2026) Social determinants as pathways in disparities in oral cavity cancer stage at diagnosis: a registry-based analysis from 2010-2020. *Cancer causes & control : CCC*, 37(7).

Cheng HG, et al. (2026) Multiple Primary Cancer Incidence by County-Level Smoking Prevalence among U.S. Cancer Survivors. *Cancer epidemiology, biomarkers & prevention : a publication of the American Association for Cancer Research, cosponsored by the American Society of Preventive Oncology*, 35(1), 165.

Tan CJ, et al. (2026) Real-World Characterization and Treatment Patterns of Patients with Desmoid Tumors at an Academic Center in the United States. *Cancer research communications*, 6(4), 792.

Kuribayashi T, et al. (2026) Clinical Characteristics and Spatial Transcriptome Analysis of Non-Small Cell Lung Cancers Exhibiting Early Alectinib Resistance: A Retrospective OLCSG Study. *Cancer research communications*, 6(2), 284.

Planella-Fontanillas N, et al. (2026) The Changing Spectrum of Pediatric Allergic Contact Dermatitis: A Prospective Multicentric Study in Spain. *Dermatitis : contact, atopic, occupational, drug*, 37(3), 412.

Boige V, et al. (2026) Circulating Tumor DNA Dynamics and Clinical Outcomes in Patients with Advanced Colorectal Cancer Treated with Cetuximab-Based Induction and Maintenance Treatment. *Clinical cancer research : an official journal of the American Association for Cancer Research*, 32(10), 2088.

Yuan F, et al. (2026) Estrogen metabolism-related lifestyle score and risk of postmenopausal breast, endometrial, and ovarian cancers: findings from two large prospective cohort studies. *Cancer prevention research (Philadelphia, Pa.)*, OF1.

Duan J, et al. (2026) Stage-stratified benefits of AI-radiomics PET in early Alzheimer's disease: a systematic review and meta-analysis. *Frontiers in neurology*, 17, 1771993.

Hue JJ, et al. (2026) Increased Glucose Availability Sensitizes Pancreatic Cancer to Macrophage-Targeting Immunotherapies. *Cancer research communications*, 6(6), 1470.
