## ColiSNP: Database of Single Nucleotide Polymorphism

RRID:SCR\_013100

Type: Tool

---

### Proper Citation

ColiSNP: Database of Single Nucleotide Polymorphism (RRID:SCR\_013100)

---

### Resource Information

**URL:** <http://yayoi.kansai.jaea.go.jp/colisnp>

**Proper Citation:** ColiSNP: Database of Single Nucleotide Polymorphism (RRID:SCR\_013100)

**Description:** ColiSNP is a website made up of two databases focused on SNPS. The first database is a database of Single Nucleotide Polymorphism (SNP) located in the protein coding region, and the second is a database of Single Nucleotide Polymorphism (SNP) located in the gene regulation region. The database of Single Nucleotide Polymorphism (SNP) located in the protein coding region is a database of Single Nucleotide Polymorphism (SNP) mapped on protein structure. Users can search the data of SNP on this web site and display the structure of protein with SNP by RasMol. The database of Single Nucleotide Polymorphism (SNP) located in the gene regulation region is a database of Single Nucleotide Polymorphism (SNP) mapped on regulation region. Users can search genes mapped snp on regulation region.

**Synonyms:** ColiSNP

**Resource Type:** data or information resource, database

**Keywords:** single nucleotide polymorphism, snp, snp in gene regulation region, snp in protein coding region

**Resource Name:** ColiSNP: Database of Single Nucleotide Polymorphism

**Resource ID:** SCR\_013100

**Alternate IDs:** nif-0000-02677

**Record Creation Time:** 20220129T080314+0000

**Record Last Update:** 20260829T183027+0000

---

## Ratings and Alerts

No rating or validation information has been found for ColiSNP: Database of Single Nucleotide Polymorphism.

No alerts have been found for ColiSNP: Database of Single Nucleotide Polymorphism.
