COST

RRID:SCR_014098

Type: Tool

Proper Citation

COST (RRID:SCR_014098)

Resource Information

URL: http://www.nitrc.org/projects/cost_unc/

Proper Citation: COST (RRID:SCR_014098)

Description: A tool that implements a graph-based connectivity assessment method. This method uses a multi-directional graph propagation method applied to sampled orientation distribution function (ODF), which can be computed directly from the original diffusion imaging data.

Abbreviations: COST

Synonyms: Connectivity Orientation Spherical distribution Tool

Resource Type: data processing software, image analysis software, software application, software resource

Keywords: software tool, connectivity assessment, image analysis software

Resource Name: COST

Resource ID: SCR_014098

Record Creation Time: 20220129T080319+0000

Record Last Update: 20260821T194015+0000

Ratings and Alerts

No rating or validation information has been found for COST.

No alerts have been found for COST.
