NeuriteTracer

RRID:SCR_014146

Type: Tool

Proper Citation

NeuriteTracer (RRID:SCR_014146)

Resource Information

URL: http://www.nitrc.org/projects/neuritetracer

Proper Citation: NeuriteTracer (RRID:SCR_014146)

Description: A set of ImageJ plugins for fully automated measurement of neurite outgrowth in fluorescence microscopy images of cultured neurons. The plugin analyzes fluorescence microscopy images of neurites and nuclei of dissociated cultured neurons. Given user-defined thresholds, the plugin counts neuronal nuclei, and traces and measures neurite length. NeuriteTracer accurately measures neurite outgrowth from cerebellar, DRG and hippocampal neurons.

Resource Type: data acquisition software, software application, software resource, data processing software

Defining Citation: PMID:17936365

Keywords: plugin, data acquisition software, neurite outgrowth, fluorescence microscopy image, neuron

Funding:

Availability: Available to the research community

Resource Name: NeuriteTracer

Resource ID: SCR_014146
