Proper Citation: CyberUnits (RRID:SCR_014358)

Description: A cross-platform class library for development of high-performance life science computer simulations. It supports modelling for biomedical cybernetics and systems biology with Object Pascal. It contains a set of Pascal units for rapid programming of high-performance computer simulations called the Brick collection.

Resource Type: software application, software toolkit, software library, software resource, simulation software

Defining Citation: DOI:10.13140/RG.2.1.4227.4963

Keywords: simulation software, modeling, pascal, software library

Funding:

Availability: May be used with open source software and in commercial applications, Source code is available, Bricks collection is available for download
