TMHMM Server

RRID:SCR_014935

Type: Tool

Proper Citation

TMHMM Server (RRID:SCR_014935)

Resource Information

URL: <http://www.cbs.dtu.dk/services/TMHMM/>

Proper Citation: TMHMM Server (RRID:SCR_014935)

Description: Web application for the prediction of transmembrane helices in proteins using Hidden Markov Models. FASTA formatted sequences can be uploaded via file or copy-paste, and output can be formatted as extensive with graphics, extensive without graphics, or one line per protein. Submissions are limited to 10,000 sequences and 4,000,000 amino acids - each sequence is limited to no more than 8,000 amino acids.

Synonyms: TMHMM Server v 2.0

Resource Type: software resource, web application

Keywords: sequence, amino acid, web application, transmembrane helices, hidden markov model, fasta

Availability: Open source

Resource Name: TMHMM Server

Resource ID: SCR_014935

Record Creation Time: 20220129T080323+0000

Record Last Update: 20260905T133020+0000

Ratings and Alerts

No rating or validation information has been found for TMHMM Server.

No alerts have been found for TMHMM Server.

Data and Source Information

Usage and Citation Metrics

We found 2154 mentions in open access literature.

Listed below are recent publications. The full list is available at [dkNET](#) .

Telford MS, et al. (2026) Antibacterial microcins self-assemble to promote biofilm formation in *Acinetobacter baumannii*. *Cell reports*, 45(4), 117156.

Feng C, et al. (2026) Identification and analysis of the crucial holin domain and sites and the bactericidal activity of a holin-endolysin lysis cassette from phage PZL-Ah152 against *Aeromonas hydrophila*. *Journal of virology*, 100(1), e0083225.

Kesawat MS, et al. (2026) Genome-wide analysis of the pleiotropic drug resistance (PDR) gene family and putative PDR specific miRNAs: deciphering their functions in development processes and varied stresses in *Triticum aestivum* L. *BMC genomics*, 27(1), 108.
