Proper Citation: docker4seq (RRID:SCR_017006)

Description: Software R package to execute next generation sequencing computing applications, e.g. reads mapping and counting, wrapped in docker containers.

Resource Type: data processing software, software resource, software application

Keywords: next, generation, sequencing, computing, application, read, mapping, count, docker, container, bio.tools

Funding:

Availability: Free, Available for download, Freely available

Resource Name: docker4seq

Resource ID: SCR_017006

Alternate IDs: biotools:docker4seq
