Description: Research infrastructure for the EU Human Brain Project. Provides digital tools and services which can be used to address challenges in brain research and brain inspired technology development. Digital research infrastructure, created by EU-funded Human Brain Project, that gathers extensive range of data and tools for brain-related research. EBRAINS will capitalize on the work performed by the Human Brain Project teams in digital neuroscience, brain medicine, and brain-inspired technology. You can share your neuroscience data, models and software.

Synonyms: ebrains, Ebrains

Resource Type: data or information resource, data repository, portal, project portal, service resource, storage service resource

Keywords: EU Human Brain Project, European Union Human Brain Project, human brain project, human brain, OpenMINDs, FAIR

Funding: EU

Availability: Free, Freely available

Resource Name: EBRAINS

Resource ID: SCR_019260

Alternate IDs: r3d100013325
