Allen Mouse Reference Atlas Ontology

RRID:SCR_021000

Type: Tool

Proper Citation

Allen Mouse Reference Atlas Ontology (RRID:SCR_021000)

Resource Information

URL: http://api.brain-map.org/api/v2/structure_graph_download/1.json

Proper Citation: Allen Mouse Reference Atlas Ontology (RRID:SCR_021000)

Description: Developed for Allen Reference Atlas and follows terminology from Brain Maps: Structure for the Rat Brain (Swanson, 2004, 2018). The ontology has been subsequently extended and revised to also serve as structure ontology for Allen Mouse Common Coordinate Framework. Defines hierarchical partonomy of anatomical structures of adult mouse brain. At top level, brain is divided into gray matter, fiber tracts and ventricular systems. Gray matter is subdivided into cerebrum, brain stem, and cerebellum, which are themselves organized into subregions in hierarchical tree.

Resource Type: ontology, controlled vocabulary, data or information resource

Defining Citation: [PMID:32386544](#)

Keywords: structure ontology, brain structure, ontology, hierarchical partonomy, anatomical structures

Funding:

Availability: Free, Freely available

Resource Name: Allen Mouse Reference Atlas Ontology

Resource ID: SCR_021000

License URLs: <https://alleninstitute.org/legal/terms-use/>

Record Creation Time: 20220129T080353+0000

Record Last Update: 20250416T063903+0000

Ratings and Alerts

No rating or validation information has been found for Allen Mouse Reference Atlas Ontology.

No alerts have been found for Allen Mouse Reference Atlas Ontology.
