Proper Citation: Panaroo (RRID:SCR_021090)

Description: Software pipeline for pangenome investigation. Shares information between genomes to correct errors. Can call large structural variants. Fast and scalable to over 10k bacterial genomes.

Synonyms: Bacterial Pangenome Analysis Pipeline

Resource Type: data analysis software, data processing software, software application, software resource

Keywords: pangenome investigation, correct errors, genomes, large structural variants, bacterial genomes

Availability: Free, Available for download, Freely available

Resource Name: Panaroo

Resource ID: SCR_021090
