Proper Citation: Aquaria COVID Resource (RRID:SCR_021835)

Description: Web tool to visually summarise all available 3D structural information for all proteins comprising COVID-19 virus (SARS-CoV-2). Resource also gives access to structural models, generated by finding all sequence regions with detectable similarity to any currently published 3D structure. These structures are clustered into distinct states that provide insight into viral replication, mimicry, and hijacking.
