Hexamer Additive Linear

RRID:SCR_022581

Type: Tool

Proper Citation

Hexamer Additive Linear (RRID:SCR_022581)

Resource Information

URL: <http://splicing.cs.washington.edu/>

Proper Citation: Hexamer Additive Linear (RRID:SCR_022581)

Description: Web tool to predict effects of sequence variants on alternative splicing. Predicts changes in alternative 5' splice events as well as skipped exon events.

Abbreviations: HAL

Resource Type: data access protocol, software resource, web service

Defining Citation: [DOI:10.1016/j.cell.2015.09.054](https://doi.org/10.1016/j.cell.2015.09.054)

Keywords: sequence variants on alternative splicing prediction, cassette exon, skipped exon events, changes in alternative 5' splice events,

Funding: Burroughs Wellcome Career Award at the Scientific Interface ;
National Science Foundation Career Award

Availability: Free, Freely available

Resource Name: Hexamer Additive Linear

Resource ID: SCR_022581

Record Creation Time: 20220726T050157+0000

Record Last Update: 20260829T182820+0000

Ratings and Alerts

No rating or validation information has been found for Hexamer Additive Linear.

No alerts have been found for Hexamer Additive Linear.
