AmpliconArchitect

RRID:SCR_023150

Type: Tool

Proper Citation

AmpliconArchitect (RRID:SCR_023150)

Resource Information

URL: <https://github.com/virajbdeshpande/AmpliconArchitect>

Proper Citation: AmpliconArchitect (RRID:SCR_023150)

Description: Software package designed to call circular DNA from short read WGS data.Used to identify one or more connected genomic regions which have simultaneous copy number amplification and elucidates architecture of amplicon.Used to reconstruct structure of focally amplified regions using whole genome sequencing and validate it extensively on multiple simulated and real datasets, across wide range of coverage and copy numbers.

Resource Type: software toolkit, software resource

Defining Citation: [DOI:10.1038/s41467-018-08200-y](https://doi.org/10.1038/s41467-018-08200-y)

Keywords: call circular DNA, short read WGS data, connected genomic regions identification, simultaneous copy number amplification, amplicon

Funding: NIGMS R01GM114362;
NHGRI HG010149;
NSF NSF-DBI-1458557

Resource Name: AmpliconArchitect

Resource ID: SCR_023150

Record Creation Time: 20230118T050205+0000

Record Last Update: 20260815T183010+0000

Ratings and Alerts

No rating or validation information has been found for AmpliconArchitect.

No alerts have been found for AmpliconArchitect.
