Stanford Behavioral and Functional Neuroscience Laboratory Core Facility

RRID:SCR_023249
Type: Tool

Proper Citation

Stanford Behavioral and Functional Neuroscience Laboratory Core Facility (RRID:SCR_023249)

Resource Information

URL: https://neuroscience.stanford.edu/research/neuroscience-community-labs/behavioral-and-functional-neuroscience-laboratory

Proper Citation: Stanford Behavioral and Functional Neuroscience Laboratory Core Facility (RRID:SCR_023249)

Description: Laboratory at Wu Tsai Neursciences Institute provides preclinical discovery platform for central nervous system target validation in preclinical in vivo and in vitro models. Neurobehavioral assessment tools in CNS disease models provide platform for screening and profiling of experimental therapeutics and genetic rodent models. Used to support understanding of human CNS disorders and development of therapeutic interventions.

Abbreviations: BFNL

Synonyms: Behavioral and Functional Neuroscience Laboratory (BFNL), Stanford Behavioral and Functional Neuroscience Laboratory (BFNL)

Resource Type: access service resource, core facility, service resource

Keywords: USEDit, ABRF, neurobehavioral assessment, therapeutic interventions, CNS disease models, human CNS disorders, central nervous system, target validation, preclinical discovery

Resource Name: Stanford Behavioral and Functional Neuroscience Laboratory Core Facility

Resource ID: SCR_023249

Alternate IDs: ABRF_2476

Alternate URLs: https://coremarketplace.org/?FacilityID=2476&citation=1, https://coremarketplace.org/RRID:SCR_023249?citation=1

Record Creation Time: 20230208T050154+0000

Record Last Update: 20260821T194237+0000

Ratings and Alerts

No rating or validation information has been found for Stanford Behavioral and Functional Neuroscience Laboratory Core Facility.

No alerts have been found for Stanford Behavioral and Functional Neuroscience Laboratory Core Facility.
