scimap (RRID:SCR_024751)

Resource Information

URL: <https://scimap.xyz>

Proper Citation: scimap (RRID:SCR_024751)

Description: Software toolkit for analyzing spatial molecular data. Underlying framework is generalizable to spatial datasets mapped to XY coordinates. Package uses anndata framework making it easy to integrate with other popular single-cell analysis toolkits. It includes preprocessing, phenotyping, visualization, clustering, spatial analysis and differential spatial testing. Python based implementation efficiently deals with large datasets of millions of cells.

Resource Type: data analysis software, data processing software, data visualization software, software application, software resource, software toolkit

Keywords: Python, spatial single cell analysis, spatial datasets, analyzing spatial molecular data,

Funding: NCI K99 CA256497

Availability: Free, Available for download, Freely available

Resource Name: scimap

Resource ID: SCR_024751

Alternate URLs: <https://github.com/labsyspharm/scimap>

Record Creation Time: 20231204T190629+0000

Record Last Update: 20260821T194300+0000

Ratings and Alerts

No rating or validation information has been found for scimap.

No alerts have been found for scimap.
