Description: Software tool to perform linear registration, meaning that it will translate, rotate, zoom and shear one image to match it with another.

Resource Type: software application, software resource

Keywords: perform linear registration, translate, rotate, zoom, shear, image, match image with another image,

Availability: Free, Freely available

Resource Name: FNIRT

Resource ID: SCR_024923

Record Creation Time: 20240129T210604+0000

Record Last Update: 20260821T043121+0000
