Proper Citation: University of Pittsburgh Dietrich School X-ray Crystallography Core Facility (RRID:SCR_025125)

Description: X-Ray Diffraction Facility located in Chemistry Instrumentation Center is equipped with Bruker X8 Prospector Ultra with Copper ImuS micro-focus X-ray source and Bruker D8 Venture Dual source (Molybdenum and Copper micro-focus X-ray tubes) diffractometer with Photon III CPAD detector. Data can be collected at nitrogen-cooled temperatures as low as 90K. Core provides sample submission services for small molecule crystallography.

Synonyms: University of Pittsburgh Dietrich School X-ray Crystallography Facility

Resource Type: access service resource, core facility, service resource

Keywords: ABRF, X-Ray Diffraction, diffractometer, small molecule crystallography, crystallography

Availability: Open

Resource Name: University of Pittsburgh Dietrich School X-ray Crystallography Core Facility

Resource ID: SCR_025125

Alternate IDs: ABRF_2674

Alternate URLs: <https://coremarketplace.org/?FacilityID=2674&citation=1>

Record Creation Time: 20240320T053304+0000

Record Last Update: 20260905T133450+0000

Ratings and Alerts

No rating or validation information has been found for University of Pittsburgh Dietrich School X-ray Crystallography Core Facility.

No alerts have been found for University of Pittsburgh Dietrich School X-ray Crystallography Core Facility.
