Proper Citation: TraceDrawer (RRID:SCR_025782)

Description: Software for evaluating, comparing and presenting real-time interaction data. Used for quantification of kinetics and affinity through curve fitting, with large number of binding models to choose from. Can extract experimental information from measurement, requiring minimal user input.

Resource Type: software resource

Keywords: kinetics, affinity, analysis, evaluating, comparing, presenting, real-time interaction data,

Availability: Restricted

Resource Name: TraceDrawer

Resource ID: SCR_025782

Record Creation Time: 20240921T053245+0000

Record Last Update: 20260801T191338+0000
