Liftoff

RRID:SCR_026535

Type: Tool

Proper Citation

Liftoff (RRID:SCR_026535)

Resource Information

URL: <https://github.com/agshumate/Liftoff>

Proper Citation: Liftoff (RRID:SCR_026535)

Description: Software genome annotation lift-over tool capable of mapping genes between two assemblies of the same or closely related species. Aligns genes from reference genome to target genome and finds the mapping that maximizes sequence identity while preserving the structure of each exon, transcript and gene. Used for accurate mapping of gene annotations.

Resource Type: software resource, source code

Defining Citation: [PMID:33320174](#)

Keywords: Aligns genes, reference genome to target genome alignment, mapping of gene annotations, genome annotation lift-over, mapping genes between two assemblies of species, mapping genes, same or closely related species,

Funding: NHGRI R01 HG006677;
NIGMS R35 GM130151

Availability: Free, Available for download, Freely available

Resource Name: Liftoff

Resource ID: SCR_026535

License: GNU GPN v3

Record Creation Time: 20250307T060316+0000

Record Last Update: 20260905T133525+0000

Ratings and Alerts

No rating or validation information has been found for Liftoff.

No alerts have been found for Liftoff.
