Type: Tool

Proper Citation

University of Birmingham Intravital Microscopy Core Facility (RRID:SCR_027189)

Resource Information

URL: <https://www.birmingham.ac.uk/university/colleges/mds/facilities/intravital-microscopy-suite>

Proper Citation: University of Birmingham Intravital Microscopy Core Facility (RRID:SCR_027189)

Description: Imaging facility for intravital microscopy. Facility equipment includes widefield, confocal, and multiphoton microscopes. Additional tools, such as laser ablation systems, allow us to probe vascular events such as thrombosis in fine detail. We also have tools for measurement of vascular perfusion, such as full-field laser speckle and laser doppler.

Synonyms: University of Birmingham UOB Intravital Microscopy, UOB Intravital Microscopy

Resource Type: service resource, access service resource, core facility

Keywords: ABRF

Availability: Open

Resource Name: University of Birmingham Intravital Microscopy Core Facility

Resource ID: SCR_027189

Alternate IDs: ABRF_4049

Alternate URLs: <https://coremarketplace.org/?FacilityID=4049&citation=1>

Record Creation Time: 20250711T053746+0000

Record Last Update: 20260815T183256+0000

Ratings and Alerts

No rating or validation information has been found for University of Birmingham Intravital Microscopy Core Facility.

No alerts have been found for University of Birmingham Intravital Microscopy Core Facility.
