Proper Citation: RRID:RGD_597538592

Description: Rattus norvegicus with name SD-Tg(SNCA)Nuber from RGD.

Species: Rattus norvegicus

Notes: For the generation of transgenic rats, the authors used a 190-kb fused AF163864 PAC/AC097478 BAC clone (Yamakado et al., 2012, PMID:22475625). It contained the entire human SNCA sequence (GenBank AF163864), with 30-kb upstream regulatory promoter sequences and a 45-kb flanking downstream region, cloned into pBACe3.6 vector as described previously. Transgenic rats were obtained by injecting the purified BAC fragment into fertilized Sprague–Dawley oocytes at a concentration of 1.5 µg/ml. A founder line displaying the highest integration number of BAC DNA construct was crossedbred to homozygosity.

Catalog Number: 597538592

Background: transgenic

Database: Rat Genome Database (RGD)

Database Abbreviation: RGD

Availability: Unknown

Alternate IDs: 597538592

Organism Name: SD-Tg(SNCA)Nuber

Record Creation Time: 20250225T002834+0000

Record Last Update: 20260905T135246+0000

Ratings and Alerts

No rating or validation information has been found for SD-Tg(SNCA)Nuber.

No alerts have been found for SD-Tg(SNCA)Nuber.
