SBN/Ygl

RRID:RGD_631573

Type: Organism

Proper Citation

RRID:RGD_631573

Organism Information

URL: <https://rgd.mcw.edu/rgdweb/report/strain/main.html?id=631573>

Proper Citation: RRID:RGD_631573

Description: Rattus norvegicus with name SBN/Ygl from RGD.

Species: Rattus norvegicus

Notes: Bred from the original SBN colony established by Ben-Ishay at the Hebrew University Medical Center in Jerusalem. The original colony had been bred for 20+ generations but was found to be partly outbred and display phenotypic variability. To purify the colony and establish phenotypic homogeneity breeding pairs from the original colony were transferred to Ben Gurion University Barzilai Medical Center in Ashkelon, Israel in 1992 where renewed secondary breeding was performed - hence substrain designated with suffix/Ygl Available at the Barzilai University Medical Center in Ashkelon, Israel

Catalog Number: 631573

Background: inbred

Database: Rat Genome Database (RGD)

Database Abbreviation: RGD

Availability: Live Animals (as of 2024-07-15)

Alternate IDs: 631573

Organism Name: SBN/Ygl

Record Creation Time: 20230509T191929+0000

Record Last Update: 20260905T135210+0000

Ratings and Alerts

No rating or validation information has been found for SBN/Ygl.
