Proper Citation: RRID:RGD_126790511

Description: Rattus norvegicus with name Jcl:WIST from RGD.

Species: Rattus norvegicus

Notes: CLEA Japan, Inc., Taconic Farms Inc. (USA), and Taconic Europe (Denmark) created the Global Alliance for Laboratory Animal Standardization (GALASTM) agreement in collaboration with the Central Institute for Experimental Animals to promote the international standardization of outbred stocks usable for safety testing in the field of toxicity and pharmacology. Based on these activities, Wistar Hannover GALAS rats are derived from the Han:WIST strain from the Zentral Institut für Versuchstierzucht (ZfV) (Hannover, Germany). In 1989, 156 pairs were introduced from ZfV to the Institute for Biomedical Research (IBM) in Switzerland (IBM underwent a structural change [name change] to BRL Ltd. and RCC Ltd.). At and after the end of 1998, RCC Ltd. gave more than 50 pairs of pedigreed Br/Han:WIST rats to each GALAS member to use as seed rats for the Wistar Hannover GALAS strain. [CLEA Japan, Inc](#)

Catalog Number: 126790511

Background: outbred

Database: Rat Genome Database (RGD)

Database Abbreviation: RGD

Availability: Live Animals (as of 2021-04-23)

Alternate IDs: 126790511

Organism Name: Jcl:WIST

Record Creation Time: 20230509T191949+0000

Record Last Update: 20260829T184953+0000

Ratings and Alerts

No rating or validation information has been found for Jcl:WIST.

No alerts have been found for Jcl:WIST.
