Authors: Xiao-bei Si, Shuai Wang, Xu-min Zhang, Yu Lan

Summary: Background: In recent years, many studies reported the anti-Hp effects of Traditional Chinese Medicine. Based on these studies, there had been many relevant systemic reviews and meta analyses with variable resultsAim: This overview aims to investigate the general characteristics and assess the methodological quality of these systemic reviews/meta ana lyses (SR/MAs).Methods: We included systemic reviews/meta analyses with comparison of Chinese medicine and western medicine on helicobacter pylori infection by searching databases of Medline, Embase, Web of Science, China National Knowledge Infrastructure Database (CNKI), Chinese VIP Information (VIP), Chinese Medical Databases (CMB) and Wan-Fang Database until December 16th, 2018. AMSTAR and PRISMA tools were adopted to assess the methodological quality and reporting characteristics respectively.
